Welcome to the South Coast of NSW.

As you can imagine there is much to do and see.

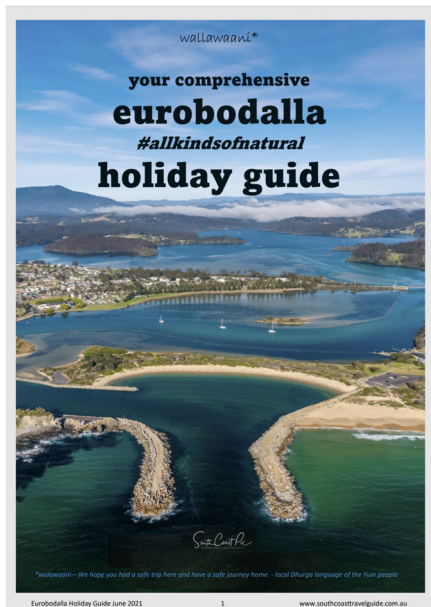

A good place to start your research is the *South Coast Travel Guide* website which lists **ALL activities** and **ALL the cafes** and restaurants in the Eurobodalla.

The website is easy to navigate, has great **local** info on **beaches**, history, **what to do** and **where to go** to make sure that you don't miss a thing.

Enjoy.

If you prefer breezing through a publication rather than a website then our 53 page eurobodalla holiday guide will be a great place to start.

**Covering the region from north to south** the guide reveals each town as a separate gem to be visited. There are all the **Must Dos** and **Must Sees** along with the **eurobodalla food guide**

Look for the holiday guide on the website:
